About Enzymatica AB

Enzymatica is a life science company who develops and sells medical device products against infectious-related diseases. Over a short period the company has developed a unique oral spray for colds, ColdZyme®, and launched it on eight markets. The product has become one of the leading articles for colds in Swedish pharmacies. Enzymatica's strategy is to continue growing by strengthening its position in existing markets and to expand to more geographical markets through well-established partners. The company is headquartered in Lund, Sweden and is listed on Nasdaq First North. For more information, please visit www.enzymatica.com.

Enzymatica's certified advisor is Erik Penser Bankaktiebolag.
