

Press release  
Lund on 3 February 2016

## **Enzymatica moves forward its year-end report for 2015**

**Enzymatica will move forward the announcement of its year-end report 2015 from February 16 to February 15, 2016. The reason is that the company prefers to announce the year-end report the same day as the Extraordinary General Meeting takes place, that is February 15, on account of Enzymatica's bid on the Icelandic R&D company Zymetech.**

### **About Enzymatica AB**

Enzymatica is a life science company whose business concept is to offer effective help against some of our most common diseases where viruses or bacteria play a decisive role. Over a short period the company has developed a unique oral spray for colds, ColdZyme®, and launched it on six markets. The product has become one of the leading articles for colds in Swedish pharmacies. Development includes medical devices in upper respiratory infections and oral health, and veterinary products. The company is headquartered in Lund, Sweden and is listed on Nasdaq First North. For more information, please visit [www.enzymatica.com](http://www.enzymatica.com).

Enzymatica's certified adviser is Erik Penser Bankaktiebolag.
