

Press release
Lund; Sweden, March 21, 2013

New date for Enzymatica's Annual General Meeting

Enzymatica has decided to change the date of its Annual General Meeting (AGM) to May 6th, 2013. The company previously announced that the AGM would be held on April 18. However, due to extensive work involved in the adjustment of the annual financial statements and annual report to the IFRS rules and regulations and to be able to offer the proposed new Board members the possibility of participating in the AGM, Enzymatica's management has decided to change the date to May 6th at 10.00 am. The AGM will be held at Ideon Science Park, Sheelevägen 15 in Lund.

About Enzymatica AB (publ)

Enzymatica AB (publ) is a publicly traded biotechnology company focusing on research, development and sales of medical devices based on patented enzyme technology. Enzymatica utilizes a marine enzyme, a cold-adapted trypsin derived from deep-sea cod. The enzyme has a unique property that makes it super-active at about 37° C, making it superior in breaking down illness-related proteins, counteracting viral and bacterial infections and promoting healing processes. Enzymatica currently has two registered medical devices, PeriZyme chewing gum against diseases and ColdZyme CE oral spray for colds recently launched in pharmacies throughout the country.
